## **Review of the Code of obligations in the articles published in “Journal of Law, Economic and Sociology” in the years 1934-1939**

The paper presents evaluations and the analyses of the provisions of the Code of Obligations in the articles published in the years 1934-1939 in Poznań legal journal - “Journal of Law, Economic and Sociology”. The authors analyze the articles of such renowned personalities as Professor Roman Longchamps de Berier, Professor Alfred Ochanowicz and Professor Marcełi Chłamtacz. The thesis describes also the discussions held in the journal considering the interpretation of controversial provisions of the Code of Obligations. The article presents an overview of multithreaded descriptions and assessments of the normative act. The conducted study allows for expanding knowledge about the acceptance of the Code of Obligations by the academic community and practicing lawyers.
